An ASUCD Senate Bill to make elections committee hiring more efficient.

BACKGROUND: ASUCD Bylaw 502B(6) was written poorly and makes the hiring process for the entire elections committee much more complicated than it needs to be. It would be most efficient and effective for the elections committee chair to practice their own discretion in hiring committee staff.

Section 1. The ASUCD Senate hereby amends Section 502B(6) as follows:

(6) The Interviewing Committee for the Chairperson and members of the ASUCD Elections Committee shall be chaired by the ASUCD Senate President Pro Tempore. The Interviewing Committee shall include the ASUCD President or the President’s designee, the Senate President Pro Tempore, one (1) other senator chosen by the Senate President Pro Tempore, the outgoing or current Elections Committee Chairperson, and ASUCD Business Manager. Only one (1) voting member of the Interviewing Committee may be absent for the interviews to take place. The Interviewing Committee shall by majority vote of the entire Committee nominate an individual or individuals to the position(s).
